
Topspeed Odbc Driver 2021

>Clarion, only with ODBC driver. Topspeed's position is (I guess) that they can't afford to give away an ODBC driver due to the number of developers... >If you can, show me an example application you made with it (which uses Clarion) >a I don't remember the last time I used ODBC > or I don't remember the last time I used ODBC > ----- Vlad :: gwer >in terms of simplicity, if there is "clarion", then why is another driver needed? >this is a very delicate moment when convenience, the ability to work on different platforms and the ability to support different languages are primarily important. >
