Unzip the license attachment you received via email. Copy your license file (Mach1Lic.dat) and paste into the Mach3 folder (default). Copy both these files into the Mach3 folder of your new computer. May 2, 2019 - Mach3 must be installed in the C: drive of the PC. - The license file needs to be placed in the Mach3 root file directory. Dec 8, 2016 Hi Jim, Unzip the license attachment you received via email. Copy your license file (Mach1Lic.dat) and paste into the Mach3 folder (default). May 12, 2009 Also, if you installed in a new folder, you'll need to copy the license file into the new folder. 3d GEORGE 12:59 PM 12- . May 2, 2019 - Mach3 must be installed in the C: drive of the PC. - The license file needs to be placed in the Mach3 root file directory. Mar 21, 2018 I've read the directions and checked the license file and I can't figure out how to get the file where it needs to be. Downloaded v2018b5 and when I've opened it I get the box right there on the desktop and can't figure out how to get to the Mach3 folder. All the directions refer to the new drive and on the Mach3 folder on the old drive the instructions say "Drag the.dat file into the Mach3 folder." Mar 19, 2018 I've successfully installed the software and as long as I unzip the license file to desktop the program works as expected. I can't get it to work via the application installer. What is the best practice for installing it? Thanks, Julie. Jul 24, 2019 . Obtain your license code and install it into the app folder.. Drag and drop the license file into the Mach3 folder on your PC. Dec 17, 2018 . If you installed in a new folder, you'll need to copy the license file into the new folder. Mgalik December 17, 2018, 10:55pm . June 28, 2019 . Obtain your license code and install it into the app folder.. Drag and drop the license file into the Mach3 folder on your PC.
